1. GENERAL RFB INFORMATION

1.1 RFB Notices and Posting Location

Grant County is statutorily authorized to dispense with public bidding as the County utilizes a state run roster to solicit bids. (MRSCrosters.org) After the bid opening and a selection is made, the bid opening log and bid information will be posted on Grant County's web site www.grantcountywa.gov. Many bids with Grant County contain a deadline for the asking of technical questions. Please note that date in this request. Questions asked after such date cannot be answered as there is no fair way to ensure all perspective bidders will receive the information requested.

1.1a Note:

It is the responsibility of RFB respondents/vendors to contact the County for any addendums or answers to technical questions. It is the responsibility of ANY firm to ensure email addresses on the MRSC Rosters are up to date so they may receive current requests.

1.2 Objective of this RFB

The Grant County Fairgrounds contains numerous buildings that were built many years ago with the thought that they would only be used during a single week during our County Fair held in the summertime. The fairgrounds currently has but a few buildings that can be rented throughout the year. It is the intent of this RFB to secure a contract with a responsive low bidder to repair the building envelope of the Agriculture building through the means described herein so that the County may rent this building at any point during the year.

1.6 Bidder Responsibility Criteria (RCW 39.04.350)

A responsive bidder must meet the bidder responsibility criteria as set out in RCW 39.04.350, *Bidder responsibility criteria – Supplemental criteria*:

BID PREPARATION AND SUBMISSION

2.1 General Information

2.1a All respondents should read the entire RFB Packet carefully. Failure to comply with instructions may result in a bid being disqualified from consideration by the County.

2.2 Bid Submittal, Format, Misc.

2.2a All bid submittals, consisting of one original and two (2) copies, must be received by the County via mail, recognized carrier, or hand delivery no later than 3:30 p.m. (PST) on Wednesday March 23rd, 2020, as displayed on Grant County's official time/date stamp located in the Office of the Board of County Commissioners. Late bid submittals and/or bid submittals submitted via e-mail or facsimile will not be considered.

2.2b All bids must be received by the County in a sealed envelope clearly marked with the project title "Grant County Agricultural Building Envelope Repairs CSD 2008 and be directed to:

Tom Gaines, Director of Central Services
PO Box 37 / 35 C Street NW
Ephrata, WA 98823

2.2c Costs of preparation and presentation of the bid will be borne by the vendor.

2.2d Bids must be typed/computer generated or written in such a manner as to be clearly legible; any bid that contains illegible information and/or dollar amounts subject to interpretation will render the

entire bid to be designated “Non-responsive” as it will not allow the County to confidently compare bid prices.

- 2.2e A cover letter is required, as set forth in Section 3.1 below.
- 2.2f Bids should contain straightforward and concise descriptions of the vendor’s capabilities to satisfy the requirements of this RFB Packet. Emphasis should be concentrated on accuracy, completeness, and clarity of content.
- 2.2g Grant County requires a signed, completed Grant County bid form with each qualifying bid submittal packet. The Grant County *Bid Proposal* form is located in Appendix A.
- 2.2h Bids must include itemized breakdowns if required of all costs and include all fees (if required).
- 2.2i Bids must show numerical dollar amounts with decimal and commas (as appropriate). Any required pricing breakdown that indicates “No Bid” or similar wording or is left blank will render the entire bid to be designated “Non-responsive” as it will not allow the County to confidently compare bid prices.
- 2.2j Mathematical calculations/totals on all bids will be checked by Grant County, and the County has the authority to correct any mathematical errors it identifies. For this reason, bids that appear to be higher or lower than others immediately upon bid opening may not be accurate. Grant County will not post the bid results until after the mathematical verification and totals check has been completed on each bid. Should any mathematical errors in submittals be identified, the County will notify the affected responders and the bid posting will reflect any necessary changes to the bid total(s).
- 2.2k In the event of a low bid tie between qualifying vendors after verification of mathematical calculations/totals, a random method – such as a coin toss – to determine the low bid will be utilized.
- 2.2l A request for awarding a contract/agreement to be signed by the qualifying low bidder will be made by Grant County Central Services to the Board of County Commissioners as set forth in Section 2.3a. below.
- 2.2m This request does not constitute an offer of employment or to contract for services
- 2.2n The County reserves the option to reject any or all bids, wholly or in part, received by reason of this request
- 2.2o The County reserves the option to retain all bids, whether selected or rejected. Once submitted, the bids and any supplemental documents become the property of the County.
- 2.2p All bids shall remain firm for ninety (90) days following the closing date for receipt of proposals.
- 2.2q Bids without a BID-BOND will be deemed Non-Responsive.

2.3 Bid Evaluations

- 2.3a The County will evaluate bids and determine responsiveness as follows:

Grant County Central Services will perform an initial screening of each bid to determine responsiveness. A bid deemed responsive is one that materially conforms to the instructions/requirements of this RFB Packet, including the bidder meeting the requirements of a responsible bidder pursuant to RCW 39.04.3560 (See Section 1.6 above).

The County reserves the right to reject any bid with immaterial irregularities.

Bid pricing must be itemized and submitted on all required items set forth in Section 4, Project Requirements and Scope of Work, and be completed on The Grant County Bid Proposal form, which serves as Appendix A to this RFB.

Once Grant County has determined that a bid is responsive and mathematical calculations on the bid have been checked and/or corrected pursuant to paragraph 2.2j above, it will be compared to other responsive bid(s). All bids regardless of alternates will be awarded on the "base" bid information.

2.3b The responsible individual/company (pursuant to RCW 39.04.350) with the lowest responsive bid as set forth in this section will be named as the apparent successful bidder and recommended to the Board of County Commissioners for award of the contract.

Industries, Employment Securities, and the Department of Revenue. Only after Grant County is notified of this acceptance by all three agencies will the retainage be released.

4. PROJECT REQUIREMENTS AND SCOPE OF WORK

4.1 General Overview

The agriculture building is a 7700 square foot building. A wood framed building wrapped with metal siding and a metal roof laid over wooden trusses. Approximately 60' wide by 122' feet long, the peak of the roof is approximately 21' high. The building currently contains no insulation and is not sealed against the elements except as to what was provided by the basic original construction. The County intends to install HVAC in this building for use in both the winter and summer months. County Forces will remove slatted wood that is nailed to the trusses, and plywood screwed to the wall framing prior to construction.

Contractor will be responsible to:

1. Inspect building for gaps or areas of the building envelope that should be repaired and otherwise protected from leakage prior to installing insulation
2. Provide vapor barrier and install insulation at a minimum R19 in the walls and R38 in the ceiling. Ceiling should have a vinyl finish or some other finished surface. Any form of insulation is acceptable as long as it is contained and meets the listed "R" value at a minimum. Building does not contain a fire protection system.
3. Remove existing pedestrian door located on the north side of the building and perform construction necessary to install a new double door as specified at the end of this document in appendix "C"
4. Install double exterior door on the northwest end of the building replacing a currently installed roll up door. Install two double exterior doors on the east end of the building replacing the current roll up door (s)
5. Provide housekeeping pad the width of the building on the South side extending 5' from exterior of building. Pad should be 6" with 4" compacted fill below and have fiber or mesh reinforcement. Concrete mix should meet WSDOT specifications for sidewalks. Where sidewalk passes in front of roll up door and double door it should be built as an apron and will have forklift traffic. Sidewalk should slope away from the building at least 1%
6. Replace existing roll up door on southwest facing side of building with new insulated roll up door and associated hardware. Door does not need to be automated.
7. Repair damaged stucco on east facing side of building. (skim coat only, County will paint)
8. Contractor at all times is required to keep the site clean and free of hazards as the public will regularly be passing by this site.

4.2 Code Requirements – Work performed will be permitted as required through the Grant County WA, and any other authority having jurisdiction. Any and all permits required will be the responsibility of the Contractor and submitted through Grant County.

4.3 Completion of Work – Prior to the County's acceptance of the work, the prime contractor must complete and/or ensure that all subcontractor work is completed to finish quality and that all surplus and/or rejected materials and unsightly objects have been removed from the site, properly disposed of, and that all cleanup has been accomplished and the site is of a neat appearance.

5. PRICE AND PAYMENT PROPOSAL INSTRUCTIONS

5.1 Fees and Insurance

5.1a Propose all fixed fees and/or hourly rates of pay, as appropriate, for implementation of services as described within the RFP.

5.1b On the forms included in the Contract Provisions, the Contractor shall furnish a **performance bond**, which guarantees the Contractor's faithful performance of the Contract, and a labor and material **payment bond**, which guarantees the Contractor's payment for all tax's, labor, material, Subcontractors and material and equipment suppliers. Each bond shall have a penal sum in the full amount of the Contract price, including sales tax. The labor and material payment bond shall remain in force until the Contract Completion Date, and for such period of time thereafter during which the law allows claims to be filed and finally resolved by litigation. In addition to securing the faithful performance of all Contractors obligations under the Contract, the performance bond shall remain in force for a period of at least one year after the Substantial Completion Date, with respect to defective workmanship, equipment, and materials, and shall otherwise secure all other obligations of the Contractor throughout all periods of limitation and repose. The Contractor shall be required to provide extended warranties for specific materials or equipment as indicated further in the Contract Provisions. The required performance bond and labor and material payment bond shall each be issued by a corporate surety company acceptable to the Owner and authorized to do business in the state in which the work is located.

5.1c Within five (5) business days after final signatures are obtained on the contract, the individual/agency shall provide the County with a **certificate of liability insurance** naming Grant County and its employees and officers as additionally named insured. Said insurance shall be maintained in full force and effect for the duration of the contract and must be in an amount and format satisfactory to the County. Proof of insurance should be directed to the County's Central Services Coordinator (contact information is located on page 4 of 16).

5.2 Indemnification

The individual/agency shall defend, indemnify and hold harmless the County, its officers and employees from all claims, demands, damages, costs, expenses, judgments, attorney fees, liabilities or other losses that may be asserted by any person or entity, and that arise out of or are made in connection with the acts or omissions relating to the performance of any duty, obligation, or work hereunder. The obligation to indemnify shall be effective and shall extend to all such claims and losses, in their entirety, even when such claims or losses arise from the comparative negligence of the County, its officers and employees. However, this indemnity will not extend to any claims or losses arising out of the sole negligence or willful misconduct of the County, its officers and employees.

It is the intent of the parties to provide the County the fullest indemnification, defense, and "hold harmless" rights allowed under the law. If any word(s) contained within the contract are deemed by a court to be in contravention of applicable law, said word(s) shall be severed from the contract and the remaining language shall be given full force and effect.

The preceding paragraph applies to any theory of recovery relating to said act or omission, by the individual/agency, or its agents, employees, or other independent contractors directly responsible to individual/agency including, but not limited to the following:

- 5.2a Violation of statute, ordinance, or regulation;
- 5.2b Willful, intentional or other wrongful acts, or failures to act;
- 5.2c Negligence or recklessness;
- 5.2d Furnishing of defective or dangerous products;
- 5.2e Premises liability;
- 5.2f Strict Liability;
- 5.2g Violation of civil rights; and/or

5.2h Violation of any federal or state statute, regulation, or ruling resulting in a determination by the Internal Revenue Service, Washington State Board of Tax Appeals or any other Washington public entity responsible for collecting payroll taxes, when the agency/firm is not an independent contractor.

5.3 Price Proposal

5.3a Payment will be made for all items complete and accepted on the unit or lump sum prices as stated in the proposal and measured and previously stated. The sum of each payment shall be full compensation for all materials, labor, and other costs to the Contractor.

5.3b Contractor is aware that this project is a “public work” as defined by RCW 39.04 and WAC 296-127 and is subject to the prevailing wage laws of the State of Washington. The qualifying low bid Contractor will be required to produce Certified Payroll Records to Grant County or Labor and Industries upon request. A five percent (5%) retainage will be withheld as referenced in Section 3.3.

5.3c A preconstruction meeting between the successful bidder and representatives of Grant County will be required before a Notice to Proceed is issued to discuss planning, safety, and workflow.

5.3d The proposal shall include the cost of all material, labor, engineering, surveying, milling, grading, saw cutting, clean up, maintenance of traffic, hauling, disposal of any and all material removed or installed, mobilization, and all other fees and costs if applicable required to complete this project.

5.3e The contractor shall provide a warranty and the proposal shall describe in detail the duration, terms and conditions of the proposed warranty. The proposal shall include the contractor's complete terms and payment schedule. Grant County will inspect all work.
